PRESIDENT XI JINPING VISITS HONG KONG

President Xi Jinping met new Chief Executive Carrie Lam after attending the inaugural ceremony of the fifth term Hong Kong Special Administrative Region Government (July 1). Mr. Xi also met members of the executive branch, legislature and judiciary. During his visit to Hong Kong, President Xi also learned more about the progress of major infrastructure projects in Hong Kong, including the Hong Kong-Zhuhai-Macao Bridge, the Hong Kong Link Road and the Three-runway System project of the Hong Kong International Airport.

ONE BELT ONE ROAD FINANCIAL SUPER-CONNECTOR

“Hong Kong is China’s international financial center and the world’s China financial center,” said Chief Executive C Y Leung at the Belt & Road Forum for International Co-operation in Beijing (May 14). Hong Kong is the top global fund-raising destination for IPOs and has proven records to assemble syndicate finance, to identify potential investors from the Mainland of China and the region; and to access a large number of Mainland investors through the Stock Connects with Shanghai and Shenzhen. Financial connectivity lies at the heart of the Belt and Road, and Hong Kong will play a key role with its “super-connectivity”.
