May 11, 2023 (Thursday)

10:00am – 11:30am

HKASC lines up with business owners and leaders to bring you practical and up-to-dated resources on starting up or sustaining your business in California. Our panel experts from Accounting, IT, Banking, and Legal Services industries will cover the following topics:

1. A brief legal introduction to business formation, differences between corporations and LLCs, and limitations of liability in these entities.
2. The pros and cons from a tax perspective on the various business entities, i.e. Sole proprietorship, limited liability company, partnership, C Corporation and S Corporation etc.
3. Email is the Gateway to Your Business. Did you know that email is the primary gateway to your business, and it's also a favorite target for cybercriminals? That's right, email phishing and social engineering attacks are on the rise, and they can cause serious damage to your organization. To keep your business safe, it's essential to secure your email. Enjoy us for a brief technical deep dive into the world of Email.
4. Expert advice on applying for SBA loans and how to navigate business banking.
